Warning and safety instructions:

- Wipe all sides with a damp cloth.
- Not dishwasher-safe, always clean the wood product by hand. Important: dry immediately after rinsing, otherwise the wood can absorb moisture.
- Regularly oil the wood product with a vegetable oil (e.g. olive oil) to freshen it up.
- Protect your wood product from intense heat, flames (fire hazard!), cold, frost and moisture.
- Keep the wood product away from fire.
- Caution: Risk of suffocation! Keep packaging materials such as plastic film and cardboard away from children.
- Intended use: Only suitable for food.
- Caution! Wooden products can have sharp edges and cracks. Wood can splinter. Damaged products must be disposed of.
